**WORLD'S FIRST CERTIFICATION FOR FIDUCIARY EXCELLENCE
AWARDED TO U.S. INVESTMENT MANAGER**

TORONTO, Aug. 24, 2006 – CEFEX, Centre for Fiduciary Excellence, LLC, has certified Thornburg Investment Management, Inc. (TIM) of Santa Fe, New Mexico, to its Fiduciary Practices for Investment Managers. Thornburg becomes the first company globally to successfully complete the independent certification process.

Fiduciary practices address an organization's fiduciary governance, and its investment systems from research and portfolio construction to trade execution.

According to the General Manager of the Centre for Fiduciary Excellence, Carlos Panksep, "Through CEFEX's independent assessment, which addresses the audit specifications defined in the new U.S. Pension Protection Act, the certification provides assurance to investors, both institutional and individual, that Thornburg Investment Management has demonstrated adherence to the industry's best fiduciary practices."

Thornburg manages more than USD 26 billion in assets through 13 mutual funds and a range of segregated institutional accounts. Established in 1982, the firm offers products in seven equity and fixed-income asset classes. "TIM has demonstrated a strong awareness of its fiduciary responsibility," said Ronald Hagan, the CEFEX analyst who led the assessment. "The Company's commitment to a participative management style fosters a powerful culture that enables competency, capacity to serve clients, proper accountabilities, effective compliance, and employee motivation at all levels."

The annual certification process involves financial performance and operational data verification, followed by on-site interviews with key personnel.

The Fiduciary Practices are principle-driven and represent the industry's best practices according to the CFA Institute's "Asset Manager Code of Professional Conduct," EFAMA's (the European Fund and Asset Management Association) "Code of Conduct for the European Investment Management Industry," and the Risk Standards Working Group's "Risk Standards for all Institutional Investment Managers and Institutional Investors."
